Violation of this standard of conduct will result in disciplinary action by the College up to and including expulsion.

### **Drug and Alcohol prevention program**

Notice to Students and Staff

Antigua College International has established a Drug and Alcohol-Free Awareness Program (DAFAP). The DAFAP encompasses the following four phases.

#### **Phase One:**

##### **Warning of the Dangers of Drug and Alcohol abuse**

Drug and alcohol use impairs memory, alertness, and achievement. It erodes the capacity to perform, think and act responsibly. It may be grounds for termination of your employment with this institution or other legal action. Schedule A specifically details the uses and effects as it relates to alcohol.

#### **Phase Two:**

##### **This College has a policy of maintaining a drug free learning environment.**

All students are hereby notified that the lawful manufacture, distribution, dispensing, possession or use of illicit drugs and alcohol is prohibited in this College's learning environment. Any employee must notify the College of any criminal drug and alcohol statute conviction for a violation occurring in the learning environment no later than five days after such conviction. In compliance with the Drug- Free Workplace Act of 1988, the institution's "workplace" consists of the following locations:

**Phase Three:**

**Listing of the available local drug counseling, rehabilitation and assistance programs:**

Please refer to SCHEDULE B

**Phase Four:**

**Non- Compliance with the terms of this College drug free workplace statement**

Noncompliance will result in the following action being taken by this institution:

a) The employee would be required to actively participate in a drug or alcohol abuse assistance or rehabilitation program approved by federal, state or local health, law enforcement or another appropriate agency.

Schedule C contains a description of the applicable legal sanctions under local, state, and federal law for unlawful possessions, use, or distribution of illicit drugs and alcohol.

b) Community service with one of the above stated agencies.

c) Termination of employment

### Schedule A

#### Alcohol use and effects

Alcohol consumption causes a number of marked changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate doses of alcohol increase the incidence of a variety of aggressive acts, including spouse and child abuse. Moderate to high doses of alcohol cause marked impairments in higher mental function, severely altering a person's ability to learn and remember information. Very high doses cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol will produce the effects just described.

Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucination, and convulsions. Alcohol withdrawal can be life threatening. Long-term consumption of large quantities of alcohol, particularly when combined with poor nutrition, can also lead to permanent damage to vital organs such as the brain and liver.

**Sexual Offender/Predator Notification**

The federal Campus Sex Crimes Prevention Act of 2000 (CSCPA) requires institutions of higher education to issue a statement advising the campus community where state law enforcement agency information concerning registered sex offender may be obtained. The CSCPA act also requires registered sex offenders/predators to provide to appropriate state officials notice of each institution of higher education in that state at which the offender/predator is employed, carries on a vocation, or is a student.

Any member of the Antigua College International community who wishes to obtain further information regarding sexual offender/predators in our area may refer to the Florida Department of Law Enforcement (FDLE) website at: <http://offender.fdle.state.fl.us/offender> or call (1-888-FL-PREDATOR / 1-888-357-7332). The FDLE searchable database may be used to find all registered sex offenders in any city, county, or zip code in the state.

In accordance with Florida State Statute §775.21 ("The Florida Sexual Predators Act") convicted sex offenders in Florida must register with FDLE within 48 hours of establishing permanent or temporary residence. It is then the responsibility of the agency to make required notification to all community members of the presence of predators (only) in any manner deemed appropriate by the agency.
